

# BUILD YOUR WORKFORCE WITH US!

## About HBI (Home Builders Institute)

HBI is a national leader in career training for the building industry and dedicated to providing employers with the next generation of skilled workers. Our graduates are trained in various construction trades and available for hire. Contact us to see how we can help meet your labor needs.

programs  
annually

## Recruit Skilled Workers

HBI graduates are ready to enter the workforce and contribute to your organization's growth and success their first day on the job.

Employers from several sectors of the construction industry hire HBI graduates, such as small and large contractors in residential, commercial, industrial, and civil construction, as well as in the supply, manufacturing, and retail industries.

## HBI is looking to connect our students with Employers for direct hire and apprenticeships opportunities.

HBI prepares its graduates with technical and employability skills needed for a successful career in the building industry. Trained graduates are available for hire throughout the year.

## Taught by skilled trades instructors

- ▶ Graduates receive an HBI pre-apprenticeship certificate in their trade of study and OSHA 10-Hour Construction Safety Training.
- ▶ Students accumulate over 300 hours of training.
- ▶ HBI recruits a diverse pool of students to train in our various trades.
- ▶ HBI's training is grounded by the industry's National Construction Skill Standards Board and the American National Standards Institute. The (ANSI)-approved National Green Building Standard™ are taught by experienced instructors through HBI's Residential Construction Academy Series textbooks and instructional aides.
